

## DISCUSSION QUESTIONS

**The Story** is a series designed to help us discover how the Bible all fits together and points to Jesus. This week we see how God works through Moses to deliver the Israelites from their captivity in Egypt.

1. Share a personal experience when someone has “saved” you from physical or emotional harm.
2. Read the prophecy given to Abraham in Genesis 15:12-16 about God’s chosen nation. What does this huge span of time reveal about God’s sovereignty in building His chosen nation?
3. Watch this short video by the Bible Project, *At Mount Sinai: Exodus Part 2*, on RightNow Media in the River City Christian library. What can we learn about the character of God from the story of the Israelites’ deliverance from slavery?
4. In Exodus 1-12, Moses was called to deliver the people out of Egypt. How was Moses qualified to lead the people? In what ways did he feel he was not qualified? Why do you think God chooses to use people who are not fully qualified for the job?
5. Share about a time in your life when you couldn’t see God’s hand at work, but now, looking back, you can identify ways that He was arranging things to help you grow in your faith.
6. Exodus 12-13 explains the Passover. Why is the Passover so important to the Jewish people?
7. **Read Hebrews 9:22 and John 1:29-31.**  
How is Passover an important foreshadowing of Jesus, the perfect lamb of God? How does communion help Christians as they remember the deliverance from sin and death by Jesus?

### **PARENTS:**

Spend sometime this week with your kids talking about how God walked with you through a hard situation and how they can rely on God when times get hard.

**Deliverance** | Jesse Smith | September 16, 2018

**God will rescue His people and, when they receive freedom, He will then miraculously provide for their needs so that they can remain in freedom.**

**For Next Week:** Read chapter 5 of *The Story*.
